Disability Confident Managers

An eLearning module

Disability Confident Managers eLearning will assist your people leaders to be welcoming and inclusive of employees with disability every day.

About

Organisations have often told us that they'd love all their people leaders and Human Resources teams to do our acclaimed Disability Confidence training. While there's no replacement for attending a facilitated session, we have adapted the content from our training sessions and highly regarded Manager's Guide to Creating a Disability Inclusive Workplace to produce the Disability Confident Managers eLearning module.

You can now easily build the disability confidence of all your managers whether they are in Sydney, Melbourne or Canberra, or Bunbury, Townsville or Pt Pirie.

AUSTRALIAN
NETWORK
ON DISABILITY

The Disability Confident Managers eLearning module will help your managers:

- Understand the business benefits of inclusion of people with disability
- Feel confident discussing disability using the right terminology and etiquette
- Better understand the diversity of people with disability in Australia and employers' obligations
- Know how to create an enabling environment
- Contribute to inclusion of employees with disability across the employment cycle

The Disability Confident Managers eLearning module has 3 chapters of around 20 minutes each or can be completed at your own pace.

Chapter 1: About disability

Chapter 2: Communication and key concepts

Chapter 3: Creating enabling environments for your team

There are quizzes along the way to facilitate learning and the module has been designed and created with accessibility in mind.

Disability Confident Managers is designed for:

- People leaders – managers and team leaders
- Human resource business partners/ advisors and managers
- Human resources advisors/ consultants

You can purchase access for individuals for \$45 (+GST) or you can purchase the SCORM file and upload to your own Learning Management System for \$15,750 (+GST) and provide unlimited access for all your people leaders.

AND members are invited to view the module for a 7-day free trial.
